POWER OF WORDS

The power of words is a topic that has been explored in many different ways. In this section, we will look at the power of words in the context of the environment. We will explore how words can be used to describe the environment and how they can be used to influence our perception of the world around us. We will also look at the power of words in the context of the human mind and how they can be used to shape our thoughts and feelings.

This year's VARSITY TENNIS Team led by Dana Frank, a sophomore, suffered several close loses to league competitors. Highlighted play by Amy Paul and Helen Emmitt kept a bright note in league action. This was a young varsity team, and the prospects for next year look promising. With the coaching of Miss Arenas, this year was most rewarding.

Varsity takes league

Pride and determination were two words that best described the Girl's VARSITY VOLLEYBALL Team. A total effort from every girl and their coach, Miss Wallace, made this group a very successful unit. With a 10-0 record, they took the Marmonte League title with ease and entered the CIF playoffs. Returning members Kathy Bittle, Alice Redden, Janice Redden, Renee Brum, and Kelly Williams added the experience that the team needed to win; while the new players, Laura Briggs, Shelly Anderson, and Stacy McNellis added a little more enthusiasm. Every girl involved with this sport this year can look back in later years and say, with pride, "I was a part of it." Every member made it happen, not just one or two. It was a TEAM in the truest sense of the word.

The Pep Squad brought the much needed spirit to Adolfo Camarillo High School. They represented the school at football and basketball games and at the county parades. At assemblies as well as games, they got the entire student body involved and made everyone watching feel like they were a part of the victories as well as the defeats.

The graduating class of 1978 is proud to graduate from Adolfo Camarillo High School in a year that has been one of the best for student organization, spirit, and involvement. This class has seen a lot of changes in its 4 years at Camarillo High. It was the last class to be put through "Slave Day," it was the last class to experience the 7 period day, and it was the first class to graduate in the James Ackerman Stadium while being surrounded by a new addition to the high school, a 6 foot metal fence. Along with 1978 came the title "Seniors" and with that title the chance to register first, and to step onto the Senior Patio and know that you really belonged. Now with the 1978 school year coming to a close, the Graduates of Adolfo Camarillo High School wish to say goodbye to a school that has taught them how to learn, how to respect, how to set goals and reach them, but has never let them forget how to have fun. Our thanks to the teachers, administrators, counselors and the staff for making Adolfo Camarillo High School a school of which to be proud.

1978- The end of the beginning
A year to be Remembered

UNDERCLASSMEN

All Underclassmen have less time on this campus than they think. Very soon they will be walking in a graduation ceremony. Four years may seem like a long time now, but, after it is all over, they will wonder where the years went. Best of luck in the future. Enjoy school!

FACULTY

Mrs. Johns Becomes Principal, Sets High Goals

Each of us must look back on this closing school year and assess its value. Most of us will consider it a good year. We may have been overcrowded and short of money, but we were not short of talented students and parents and certainly not short of spirit and pride in our school community

But in that assessment of the year we will find many things that need changing. It is as important to remember the less desirable experiences as it is to remember the pleasant ones. Change in the future must come through the experiences that were dissatisfying. If we, as a faculty and administration, have given you the knowledge and helped develop the skills that enable you to cope and to effect good changes, then we have succeeded

We wish you well

In Memoriam

Another day passes

and the sun sets

1978 was truly a different year. There seemed to be a new spirit on our campus. Camarillo, as a school, saw so much new student involvement. Our school was fortunate to receive many gifted people four years ago, and now another generation of Adolfo Camarillo High School graduates will make their mark on the earth. May all of your ventures in the future be happy ones. Then, sooner than you think, you will find your place in the sun.

And our day in the sun

is over
